Has any application(s) for any other permit(s) for any activity affecting the property been submitted to any other governmental agency? No  Yes . If yes, please list in detail (attach separate pages if necessary):

---

**Attach a copy of the current deed and any easements affecting the property.**

**A) For Use Variance Applications:**

Provide a description of the proposed activity with regard to the following standards. (Attach additional pages as necessary). In order to prove unnecessary hardship the applicant shall demonstrate to the Zoning Board of Appeals for each and every permitted use under the zoning regulations for the particular district where the property is located:

- 1) That the applicant cannot realize a reasonable return, provided that lack of return is substantial as demonstrated by competent financial evidence, and
- 
- 

- 2) That the alleged hardship relating to the property in question is unique, and does not apply to a substantial portion of the district or neighborhood, and
- 
- 

- 3) That the requested use variance, if granted, will not alter the essential character of the neighborhood, and
- 
- 

- 4) That the alleged hardship has not been self-created.
- 
- 

**B) For Special Use Permit Applications (except accessory apartment):**

Provide a description of the proposed activity with regard to the following standards. (Attach additional pages as necessary):

- 1) That there would not be any detrimental effect by the establishment of such use on other uses within the district.

A commercial Mercedes Sprinter Van will be parked in the driveway.

---

---

- 2) That such use will be in harmony with the orderly development of the district and the location, nature and height of buildings, walls, fences and parking areas will not discourage the appropriate development and use of adjacent lands.

Vehicle will only be parked in the driveway during non business hours.

---

---

- 3) That all structures, equipment and materials shall be reasonably accessible for fire and police protection.

The vehicle will not block any structures and will be accessible.

---

---

- 4) That the use meets the prescribed requirements for the district in which located, including minimum yard requirements for the district in which located or as further specified in this section and including maximum height, required off-street parking and sign regulations.

Vehicle will be parked on the existing driveway.

---

---

- 5) Noise. The maximum noise level at the property line applicable to the use involved shall not exceed the maximum established under Chapter 139 of the Town Code.

The vehicle emits very little noise.

---

---

- 6) Discharge of water. No polluting or objectionable waste shall be discharged into any stream or other natural drainage channel or upon the land that will in any way interfere with the quality, operation or continuation of these natural systems or contribute to their despoliation.

Vehicle will not discharge water.

---

---

- 7) Traffic access. All proposed traffic access ways shall be adequate but not excessive in number; adequate in width, grade and alignment and visibility; shall be sufficiently separated from street intersections and other places of public assembly; and shall meet other similar safety considerations.

The vehicle will be parked completely in driveway and will not effect traffic access.

---

---

- 8) Parking. Adequate off-street parking and loading spaces shall be provided in accordance with the off-street parking and loading requirements of this Chapter. Shared parking is encouraged where the peak parking demands of different uses occur at various times of the day. Use of a widely accepted means of projecting demand for shared use, such as the Urban Land Institute's Shared Parking report may be employed to demonstrate shared parking effects.

Vehicle will be parked in open space in the driveway.

---

---

- 9) Circulation. The interior circulation system shall be adequate to provide safe accessibility to all required off-street parking, and to provide for the convenience and safety of vehicular, pedestrian, and bicycle movement within the site and in relation to adjacent areas or roads.

No circulation will be effected since it is off street driveway parking.

---

---

- 10) Landscaping and screening. All parking and service areas shall be reasonably screened during all seasons of the year from the view of adjacent residential lots and streets and the general landscaping of the site should be in character with that generally prevailing in the neighborhood. Existing trees twelve (12) inches or more in diameter at breast height (dbh) should be preserved to the maximum extent practical.

No landscaping will be modified

---

---

- 11) Character and appearance. The character and appearance of the proposed use, buildings, structures, outdoor signs, and lighting shall be in general harmony with the character and appearance of the surrounding neighborhood, and shall not adversely affect the general welfare of the inhabitants of the Town.

The vehicle is in good shape and is a newer vehicle will not effect character or appearance.

---

---

- 12) Historic and natural resources. The proposed use shall be designed and should be carried out in a manner that minimizes impacts to protect historic and natural environmental features on the site under review and in adjacent areas.

No historic or natural resources will be effected.

---

---

13) Sewage Treatment and Water Supply. The adequacy of available sewage disposal and water supply services supporting the proposed activity or use shall be sufficient to meet the needs of the proposed activity or use. This consideration should be given to both including, but not be limited to, the suitability of water supply and sanitary sewage facilities to accommodate the intended use, and the adequacy of measures to protect surface and groundwater from pollution.

Water and sewage will not be effect from the parking of the vehicle

---

---

14) Size and scale. The location and size of the proposed use, the nature and intensity of operations involved in or conducted in connection therewith, and the size of the site in relation to the use, its site layout and its relation to existing and future access streets should be such that both pedestrian and vehicular traffic to and from the use and the assembly of persons in connection therewith will not be hazardous or inconvenient to, or incongruous with, or conflict with the normal traffic of the neighborhood.

The driveway has enough space to allow vehicle to be fully parked off the street.

---

---

15) The location and height of buildings; the location, nature and height of walls and fences; and the nature and extent of landscaping on the site shall be such that the use will not hinder or discourage the appropriate development and use of adjacent land and buildings or impair the value thereof.

No new structure is being built.
